

TRIO OF TOP EXECUTIVES . . . formulate final plans for grand opening of newest Jim Dandy Market. Pictured (left to right) are Don Macy, store supervisor; W. "Mickey" Frankenberg, district manager, and Dick Haas, store supervisor. New unit is culmination of months of such planning conferences.

### Money-Back Guarantee Given Eggs

An unusual feature which has made many friends for the Jim Dandy Markets and has aided in building up customer confidence is the "double your money back" guarantee that goes with every carton of eggs sold by the firm.

It goes without saying that, in order to be good eggs must be fresh and, unless they are good no market can guarantee them.

Jim Dandy manages it in this way—carefully selected eggs are purchased, boxed and delivered to the store daily.

Before purchasing and again before boxing, these eggs are given the most critical scrutiny and only those eggs which can match a AA standard go into the Jim Dandy cartons.

That is why the Jim Dandy eggs to the public with an assurance that if there is any complaint, a refund equal to double the purchase price will be made.

Naturally this policy will be an integral part of the operations of the new Jim Dandy Market in Lomita.

### Store Open For Evening Shopping Trip

Modern living doesn't always leave family members with enough time to perform all the necessary chores, such as shopping, during the daylight hours during the week.

Recognizing that fact, Jim Dandy stores follow a policy of evening and Sunday shopping hours for the convenience of patrons.

With low Jim Dandy prices prevailing at all times for the quality items offered for sale, Jim Dandy stores, including the new market at Western Ave. and Lomita Blvd., remain open each night, including Sundays, until midnight.

Shopping time thus added give working wives and others who cannot get their purchasing completed during daylight hours or during the week a chance to shop to their hearts content without rushing or becoming entangled in last minute crowds.

JIM DANDY SUPPLIES . . . for new Lomita store are determined by three at work here in preparation for the opening celebration starting today. From left to right are L. K. Coll, meat and delicatessen buyer; Jim McMartin, produce buyer, and John McElish, grocery and liquor buyer.

### Space Ship At New Market

Local children will be treated to free trips to the moon this Friday when Frankie Luer brings his huge space ship to the new Jim Dandy Market at 24911 Western Ave., Lomita. Free trips in the rocket ship will be available from 10 a.m. to 6 p.m.

Built by Luer Packing Co. to entertain their young friends, Frankie Luer's Space Ship is an authentic 80 foot replica of the giant interplanetary space ship of the future.

Inside its metal hull, the space ship contains a comfortable 34-seat auditorium where children are seated for their 7-minute trip to the moon. During their trip the young space travelers experience all the thrills of supersonic flight, from the first surge of power as the ship blasts off to the final bump as it lands again.

Technically, the Luer Space Ship is a mechanical and electronic wonder. The full color animated film of the trip is projected onto the front "view plate" by means of a lens device that resembles a periscope. This allows a projection space of a few feet to accomplish the same thing as a huge auditorium projection room, and adds realism to the film.

Vibrators mounted in the tail of the ship give the illusion of flight with both sound and vibration. Other unique devices on the Luer Space Ship record the altitude and flight time in a series of lights that can be seen by the passengers.
